

## Project Acorn and Morristown Rotary Club

The Rotary Club of Morristown donates \$3,500.00 to enable a child in Morris County to attend preschool. Shown are Karen Titterton, Executive Director of Project Acorn, Dolores Bagish, President of The Rotary Club of Morristown, and Rob Steidlitz, President of Project Acorn.

Project Acorn funds quality preschool education for local children of working families who cannot afford it. Project Acorn's efforts are guided by a real and urgent need to break the cycle of disadvantage by leveling the playing field during the most critical time in a child's learning and development – the preschool years. The organization has just completed its application process for the 2008-2009 school year, and is appealing to the community to provide funding for a wait list of children.

To send donations or for more information about Project Acorn's mission to send local children to preschool, contact Karen Titterton at (973) 455-7815 or log onto [www.projectacorn.org](http://www.projectacorn.org).
